

# Gender and Environment Project Priority Areas and Indicators

Laura Sabater Zamora

# IUCN-UN Environment Statistics Project

- UN Environment Global Gender and Environment Outlook (GGEO) priority areas
- IUCN Environment and Gender Information (EGI) platform

# IUCN-UN Environment Statistics Project

## Research at international level

- Desk review of gender and environment statistics at international level
- Sustainable Development Goals (SDGs) and Beijing Platform for Action used as frameworks
- Inter-Agency Expert Group – Gender Statistics (IAEG-GS) meeting
- Expert consultations

# IUCN-UN Environment Statistics Project

## Research at national level

- Case study countries identification: Lao PDR, Kenya and Mexico
- Desk review at national level
- Mission trips:
  - Interviews
  - Expert consultation workshops

# Gender and Environment Priority areas

- Right to land, natural resources and biodiversity

- Access to food, energy, water and sanitation

- Climate change, sustainable consumption and production, and health and well-being

- Women in environmental decision making

# Priority area A: Right to land, natural resources and biodiversity

## Land tenure and rights

- Proportion of total adult population with secure tenure rights to land, by sex and type of tenure
- (a) Proportion of total agricultural population with ownership or secure rights over agricultural land, by sex; and (b) share of women among owners or rights-bearers of agricultural land, by type of tenure

Similar to SDG 1.4.2

SDG 5.a.1

# Priority area B: Access to food, energy, water and sanitation

## Access to food

- Share of food that directly comes from extractive methods (hunting, fishing and collecting) by source of the food, sex of head of household and by urban/rural

# Priority area B: Access to food, energy, water and sanitation

## Access to energy

- Access to and quality of energy source, by type, use and sex
- Time spent collecting fuel for household consumption, by sex

Similar to SDG 7.1.1

# Priority area B: Access to food, energy, water and sanitation

## Access to water

- Access to and use of safely managed drinking water, by source, by sex
- Time spent collecting water for household consumption, by sex

Similar to SDG 6.1.1

# Priority area B: Access to food, energy, water and sanitation

## Access to sanitation

- Access to and use of improved sanitation, by sex Similar to SDG 6.2.1
- Mortality and morbidity rates attributed to unsafe water, unsafe sanitation and lack of hygiene, by sex Similar to SDG 3.9.2

# Priority area C: Climate change, sustainable consumption and production and health and well-being

## Climate change

- Number of deaths, missing persons and directly affected persons attributed to weather-related disasters per 100,000 people, by sex Similar to SDG 13.1.1

# Priority area C: Climate change, sustainable consumption and production and health and well-being

## Health

- Mortality rate attributed to environmental causes (unintentional poisoning, air & water pollution), by age and sex
- Mortality rate attributed to vector- and water-borne diseases, by sex

Similar to SDGs 3.9.1, 3.9.2 and 3.9.3

# Priority area C: Climate change, sustainable consumption and production and health and well-being

## Transportation

- Proportion of population that
  - (a) has convenient access to public transport by location (urban/rural), sex, age and persons with disabilities; and
  - (b) use public transport by location (urban/rural), sex, age and persons with disabilities

Similar to SDG 11.2.1

# Priority area C: Climate change, sustainable consumption and production and health and well-being

## Sustainable consumption

Consumer spending, by sex of head of household:

- Household spending by type of product and sex of head of household
- Decision-making over household spending, by product and sex (intra-household decision-making)

# Priority area D: Women in environmental decision-making

## Environmental decision-making

- Women in environmental decision-making at all levels
  - Women's participation in national and international environmental decision-making fora **Similar to SDG 5.5.1 and 5.5.2**
  - Women decision-making in communal land governance bodies
  - Women's participation in forest groups
